**YELLOW FEVER SITUATION.**

No Material Change at Laredo, Tex.,  
in the Past Few Days.

Laredo, Tex., Oct. 5.—There has been practically no change in the yellow fever situation during the past few days. The official bulletin Sunday showed that there have been four new cases and one death. The total number of cases to date is sixty-one, while there have been five deaths. The work of fumigating, general cleaning up and the carrying on of the house to house canvass is practically completed and has resulted in placing the city in a perfect sanitary condition.

Conditions are improved at Nuevo Laredo, the day developing only one new case and three suspicious cases, while there has been no death reported. Reports from Monterey, Mex., state that there have been two deaths there from yellow fever. The physicians, however, have the situation well in hand and claim there is no danger of the disease becoming epidemic.

Reports from Victoria and Linares, Mex., state that the yellow fever conditions are gradually improving and it is expected the disease will soon be stamped out.

**IN HONOR OF PIUS X.**

Special Services Held in Baltimore Cathedral.

Baltimore, Md., Oct. 5.—Special services were held at the Baltimore cathedral Sunday in honor of the election of Pius X. Cardinal Gibbons preached the sermon at high mass, and was attentively listened to by a congregation that filled the edifice. So dense was the throng which filled every inch of the cathedral that the procession of clergy, seminaries and acolytes following the mass was delayed until hundreds of persons cleared the aisles of the church. In addition to being the first sermon delivered at the cathedral by Cardinal Gibbons for three months, it had been announced that he would speak of the pontifical mass, the pope's prayer was chanted by the choir of St. Mary's seminary of thirty voices.

## SINKS DURING A GALE

STEAMER J. H. HACKLEY FOUND-  
ERS AND TWELVE PEOPLE  
ARE DROWNED.

**NINE PERSONS ARE RESCUED**

SURVIVORS PICKED UP AFTER  
CLINGING ALL NIGHT TO  
THE WRECKAGE.

**LITTLE CHANCE OF ESCAPE**

VESSEL TURNED TURTLE BE-  
FORE OCCUPANTS COULD  
ABANDON HER.

Marinette, Wis., Oct. 5.—During a squall Saturday night on Lake Michigan, the steamer J. H. Hackley capsized and twelve persons were drowned. The Goodrich line steamer Sheboygan rescued the other nine persons on board the Hackley, after they had floated about on pieces of wreckage all night. Reports of the disaster reached Marinette Sunday.

The Hackley was struck by the squall when seven miles off Green Island. The upper work was blown away before the men could reach a haven. The boat then turned over and went down in deep water.

The drowned are: George Leclair, Jr., Jacksonport, Wis.; Joseph V. Orus, captain of the Hackley, Fish Creek; Edna Barringer, Lawrence Barringer, Fish Creek; Henry Rabito, Fish Creek; Carl Kelly, Fish Creek; Miss Frances Vincent, Miss Vincent's sister, Egg Harbor, Wis.; Freeman Thorp, Fish Creek; Nels Nelson, Sturgeon Bay; Frank Fitzsimmons, Jacksonport, and a man named Truckly, cook on the boat.

**Names of Some Who Escaped.**

Frank Blakefield, Orrin Rollin, Milton Hansen, Blaine McSweeney and two men of Ellison Bay, Wis., were rescued.

As the Hackley went to the bottom, those who would and could seized on floating pieces of wreckage, while the women and three or four of the men, falling to find any object to which to cling, sank in the raging sea, so far as is known.

The waves were rolling high and several of those who at first saved themselves from immediate death lost strength and sank. It was several hours after the Hackley sank before the Sheboygan hove within hailing distance. The shouts of the floating men attracted the attention of the sailors on the Sheboygan and every assistance was lent.

The rescue was effected at 7 a. m. and the officers of the Sheboygan feel sure that they took aboard every person afloat. Some of the persons who were rescued say that it is possible that one or more of the eleven persons missing may have escaped death. This view is not given much credence by the sailors of the Sheboygan.

**Survivors Exhausted.**

The Sheboygan made into Fish Creek when hope of rescuing other persons seemed improbable. The rescued persons were so exhausted from their struggle against drowning that they were unable for some time to tell anything about the wreck.

The persons saved by the Sheboygan say that with the crashing away of the upper work, all persons aboard the Hackley ran on deck. Hasty preparations for a plunge into the water were begun, but before any plans could be carried out, the boat listed, turned over and went down like a rock.

Search is still making for any person who may have escaped death and for bodies of those who were drowned.

The J. H. Hackley was a fifty-four-ton screw steamer which was built at Muskegon, Mich., in 1882.

The Hackley was owned in Fish Creek by the captain and other residents of that village. The steamer made a trip every other day between Sturgeon Bay and Washington Island, going up one day and back the next.

The Hackley left Menominee, Mich., Saturday afternoon, late, and was bound for Fish Creek and Green Bay.

**Strikers Confident of Victory.**

Minneapolis, Oct. 5.—The flour mill strikers believe that if they can "stick it out," to quote their own words, this week, their battle will be practically won. This was the trend of a half dozen impassioned addresses at Union Temple held yesterday afternoon. Everything is now quiet in the milling district.

**Earthquake Shock at St. Louis.**

St. Louis, Oct. 5.—A slight shock of earthquake was felt in Carondelet, the Southern part of the city, at 8:55 o'clock last night. The seismic disturbance lasted about one minute and caused alarm among the citizens. At the same time a slight shock was felt in the Western portion of the city.

## ANARCHIST FATALLY SHOT.

Attempted to Break Up a Socialistic Meeting.

Barrow, Vt., Oct. 5.—One man dying and another suffering from a serious but not necessarily fatal bullet wound, and a third under arrest charged with firing the shots, is the outcome of the latest clash between the anarchists and the Socialists of this city. The feeling between the two parties has been intense for many months and conflicts more or less serious have been of almost daily occurrence.

Dr. Giacinto Menotti Serrati, editor of the Socialist newspaper published in New York, had been invited to address local Socialists, Saturday night, some fifty of whom had congregated in Socialists' hall. While the audience was awaiting the arrival of the speaker, fifteen anarchists, headed by Eli Corti, made their appearance at the hall and declared that they would not permit Serrati to address the gathering. During the fight that followed the throat, it is alleged that Alexander Garretto drew a revolver and fired point blank at Corti, the ball lodging in the latter's stomach. The second shot went wild and the third struck Emilio Vochlin in the arm. When the anarchists saw their leader fall they sprang upon Garretto and hurled him down stairs to the street. The fight ended only when a large detail of police reached the hall.

Dr. Serrati is detained as a witness and on a charge of breach of the peace.

**VAINLY ATTEMPTED SUICIDE.**

John Phillips Prevented From Going Over Niagara Falls.

Niagara Falls, N. Y., Oct. 5.—John Phillips, fifty-five years old, a saloon-keeper at Leicester, Mass., attempted suicide by throwing himself over Niagara Falls Sunday. He is now under arrest.

Phillips waded into the rapids. The water was above his knees when he slipped and fell and his body was swept toward the brink, 150 feet distant. He floated head first toward the falls and was carried 35 or 40 feet, when his body was caught by a counter current and carried in toward shore.

In the meantime a woman who was with him screamed for help. Several men ran down stream to a spot where a big log extended into the river. A man named Arnold, a friend of Phillips, crawled out as far as he could on the log and when Phillips was swept in shore by the eddy, he managed to catch his clothing. A living chain was formed and Arnold and his burden were drawn to shore.

**IN A FIGHT WITH NEGROES.**

Prominent Young Kentuckian Killed and His Cousin Injured.

Louisville, Ky., Oct. 5.—Robert Dalton Burdine, a well known young man, was murdered, and W. D. Hayes, his cousin, probably fatally hurt in a fight with negroes on the river front Sunday afternoon. The young men, who are members of the Louisville boat club, left for a sail in the afternoon, accompanied by several fellow club members, and as they were passing Tow Head Island were attacked by several negroes, who threw lumps of coal into the boat. The boat tied up and its occupants started after the negroes, chasing them into a yard, where Will Fletcher, colored, seized an axe and struck Burdine over the head, killing him instantly. Hayes attempted to secure the axe from the negro, but was assaulted from behind and badly injured.

The police arrested four negroes, including Fletcher, although fully twenty were concerned in the assault.

**SERIOUS AUTOMOBILE ACCIDENT.**

Herbert Bowen and His Wife and Son Badly Injured.

New York, Oct. 5.—Dashing over an embankment in their automobile, Herbert Bowen, a publisher of Richmond Hill, L. I., his wife Agnes, and their five-year-old son, Herbert, Jr., were seriously hurt Sunday while descending a hill in East New York. The machine was wrecked. All were taken to the hospital, where Mrs. Bowen's condition was reported to be critical.

At the time of the accident the machine was going at terrific speed. While shooting around a curve the right forward wheel of the automobile struck a stone and swerved, leaping an embankment.

Turning completely over, the machine bounded to the bottom, a distance of ten feet, and landed upside down, pinning the occupants to the ground.

**FOLK GOES TO WASHINGTON.**

Will Confer With President Roosevelt Regarding Bribery Legislation.

St. Louis, Oct. 5.—In response to an invitation from President Roosevelt, Circuit Attorney Folk will depart for Washington on Tuesday to discuss with him the necessity for asking congress to add bribery to other offenses mentioned in extradition treaties with countries other than Mexico. If the conference results in such action by congress, it is thought the way may be opened for the return of Ellis Wainwright, indicted on the charge of municipal bribery here in connection with the "Suburban bill" in the house of delegates, who is now in France, and Daniel J. Kelly, indicted on the charge of legislative bribery at Jefferson City, who is now in Canada.

## BATTLE ON FRONTIER

TURKS AND BULGARIANS SUFFER  
HEAVY LOSSES IN FIGHTING  
AT DEMIRKAPIA.

**VILLAGES SACKED AND FIRED**

MORE THAN TWO THOUSAND  
PERSONS ARE SAID TO HAVE  
BEEN MASSACRED.

Sofia, Bulgaria, Oct. 5.—Serious news has been received here from the frontier of fighting between Turkish and Bulgarian troops at Demir-Kapia, both sides sustaining losses.

In official quarters all knowledge of the affair is denied, but the circumstantial details given seem to indicate that there is some foundation for the accounts of the conflict. According to one report, the Turks attacked the Bulgarian frontier post. Another version says the Turks pursued a number of refugees across the frontier.

It is asserted that the Turks have frequently attempted to provoke hostilities, firing into Bulgarian territory and crossing the frontier to steal horses and sheep.

The war office here is working at high pressure and 24,000 recruits will be called three months before the usual time. Prince Ferdinand has sanctioned numerous other measures of a warlike nature. All the cavalry with the exception of a single regiment which is stationed at Sofia has been sent into the frontier districts, where are strong forces of artillery. Vigorous efforts are being made to prevent bands from crossing into Turkish territory.

Dispatches from the frontier received at the revolutionary headquarters report that the refugees in the mountains are in a terrible condition through their pursuit by the Turks and cold and hunger. Many are dying.

From insurgent sources it is reported that the Bulgarian villages of Ohrid and Kremen have been pillaged and burned. Many of their inhabitants were slaughtered. The Bulgarian quarter of Belitza is in flames. Seven hundred refugees from Belitza are reported to have been killed in a Turkish ambush near Samakoff, province of Kirk-Kilise.

**WILL INSIST UPON REFORMS.**

Russia and Austria So Notify Their Ambassadors to Turkey.

Vienna, Oct. 5.—As an outcome of the conference between the czar and Emperor Francis Joseph at Muevsteg, the governments of Austria and Russia have sent identical telegrams to the ambassadors of those countries in Constantinople, stating that both powers are united in the determination to show that it is their firm resolve to insist upon the execution in their entirety of those reforms which were accepted by the porte and which are calculated to guarantee general security.

**TURKISH VILLAGES BURNED.**

Two Thousand Inhabitants Reported Killed.

Salonica, European Turkey, Oct. 5.—The Bulgarian notables here went to the governor's palace Sunday and informed the authorities that a series of fresh outrages in Salonica is being planned. All the guards have been consequently doubled.

It is reported that twenty Turkish villages in the Razlog district have been burned. The large village of Donisko is said to have been destroyed and its 2,000 Turkish inhabitants killed.

**LABORED AS A PRIEST.**

Rev. Father Spigardi a Member of Pope's Official Household.

St. Louis, Oct. 5.—Dressed in the simple costume of a Catholic priest, the Rev. Father Caesar Spigardi has for eight years labored among the Italians of St. Louis, keeping as his own secret the fact that he is a member of the official household of the pope, a monsignor, and entitled to wear the garb of a chamberlain of honor.

Father Spigardi said he had never mentioned the matter in St. Louis as he desired to labor as a common priest in order that there might be no ground for any one asserting that he was taking undue dignity unto himself.

**TRIBUTE TO HERBERT.**

B., his Britannic majesty's ambassador to the United States, who died Sept. 29. The president, his cabinet and the diplomatic corps will attend the services.

This service is without precedent. Sir Michael is the only ambassador accredited to this government who has died while absent on leave.

The service is in accordance with the wishes of the president, who was for years a warm personal friend of Sir Michael.

MORE THAN TWO THOUSAND  
PERSONS ARE SAID TO HAVE  
BEEN MASSACRED.

Sofia, Bulgaria, Oct. 5.—Serious news has been received here from the frontier of fighting between Turkish and Bulgarian troops at Demir-Kapia, both sides sustaining losses.

In official quarters all knowledge of the affair is denied, but the circumstantial details given seem to indicate that there is some foundation for the accounts of the conflict. According to one report, the Turks attacked the Bulgarian frontier post. Another version says the Turks pursued a number of refugees across the frontier.

It is asserted that the Turks have frequently attempted to provoke hostilities, firing into Bulgarian territory and crossing the frontier to steal horses and sheep.

The war office here is working at high pressure and 24,000 recruits will be called three months before the usual time. Prince Ferdinand has sanctioned numerous other measures of a warlike nature. All the cavalry with the exception of a single regiment which is stationed at Sofia has been sent into the frontier districts, where are strong forces of artillery. Vigorous efforts are being made to prevent bands from crossing into Turkish territory.

Dispatches from the frontier received at the revolutionary headquarters report that the refugees in the mountains are in a terrible condition through their pursuit by the Turks and cold and hunger. Many are dying.

From insurgent sources it is reported that the Bulgarian villages of Obditi and Kremen have been pillaged and burned. Many of their inhabitants were slaughtered. The Bulgarian quarter of Belitza is in flames. Seven hundred refugees from Belitza are reported to have been killed in a Turkish ambush near Samakoff, province of Kirk-Kilisse.

WILL INSIST UPON REFORMS.

Russia and Austria So Notify Their Ambassadors to Turkey.

Vienna, Oct. 5.—As an outcome of the conference between the czar and Emperor Francis Joseph at Muevsteg, the governments of Austria and Russia have sent identical telegrams to the ambassadors of those countries in Constantinople, stating that both powers are united in the determination to show that it is their firm resolve to insist upon the execution in their entirety of those reforms which were accepted by the porte and which are calculated to guarantee general security.

TURKISH VILLAGES BURNED.

Two Thousand Inhabitants Reported Killed.

Salonica, European Turkey, Oct. 5.—The Bulgarian notables here went to the governor's palace Sunday and informed the authorities that a series of fresh outrages in Salonica is being planned. All the guards have been consequently doubled.

It is reported that twenty Turkish villages in the Razlog district have been burned. The large village of Bonisko is said to have been destroyed and its 2,000 Turkish inhabitants killed.

LABORED AS A PRIEST.

Rev. Father Spigardi a Member of Pope's Official Household.

St. Louis, Oct. 5.—Dressed in the simple costume of a Catholic priest, the Rev. Father Caesar Spigardi has for eight years labored among the Italians of St. Louis, keeping as his own secret the fact that he is a member of the official household of the pope, a monsignor, and entitled to wear the garb of a chamberlain of honor.

Father Spigardi said he had never mentioned the matter in St. Louis as he desired to labor as a common priest in order that there might be no ground for any one asserting that he was taking undue dignity unto himself.

TRIBUTE TO HERBERT.

Memorial Service to Be Held in Washington.

Washington, Oct. 5.—In a memorial service to be held at St. John's church on Tuesday, Oct. 5, at noon, the Rev. Roland Cotton Smith, the rector, officiating, this government will pay official tribute to the memory of the Right Hon. Sir Michael Herbert, G. C. M. G., C. B., his Britannic majesty's ambassador to the United States, who died Sept. 30. The president, his cabinet and the diplomatic corps will attend the services.

This service is without precedent. Sir Michael is the only ambassador accredited to this government who has died while absent on leave.

The service is in accordance with the wishes of the president, who was for years a warm personal friend of Sir Michael.

The man who was with the unfortunate individual grabbed the boat when it capsized and held on for an hour or two. He would also have drowned soon had not his cries attracted some men near shore and they rowed out and rescued him. The case of A. P. Turner vs M. J. Reilly, in which plaintiff sought to recover \$5,000 claimed to be the amount of damages resulting from his arrest at the instance of defendant last spring, has been settled and dismissed in the United States court at Duluth.

It will be remembered that plaintiff sold Mr. Reilly a carload of apples on the track in the yards in this city. Mr. Reilly found that half of the apples in the car were not as represented and Turner refusing to make good the loss was arrested at Little Falls. The apple deal was settled and afterward Turner brought the damage suit against Mr. Reilly for false imprisonment.

**MAJOR SCOTT MAKES REPORT.**

Plans of the Indians is to Wait  
and see How Morris Law  
Works out.

Reports have been received at the interior department at Washington to the effect that the Pillager band of Indians in Minnesota, who were responsible for the uprising four or five years ago, are again becoming restive.

The reports come from Maj. Scott, acting Indian agent at Leech Lake. Maj. Scott is a conservative official and the evidence he submits in support of his contention that the Bear Island Indians should be watched is so circumstantial that it has had great weight at the department.

One of the startling statements made relates to a discovery that a conspiracy was on foot some years ago to assassinate Capt. Mercer, former agent at Leech Lake, as well as William Bonga, a good Indian, who was of great assistance to the authorities at the time of the last uprising.

It appears that the Bear Island Indians still entertain a very bitter feeling toward Bonga, and in the event of another uprising he would undoubtedly be a marked man. Maj. Scott does not send an alarmist report. He says there is no immediate danger. The plans of the Pillagers, as he understands them, is to wait and see how the Morris law works out. If it is beneficial to the Indians, well and good. If not, then a reason for a hostile movement will be afforded.

There has been some discussion at the department as to the advisability of sending troops to the scene, but such a course will be decided upon only when Maj. Scott says it is necessary.

In the meantime the Indians will be watched and at the first indication of an outbreak stern measures will be taken to nip it in the bud.

in That City.

A dispatch from St. Cloud says: Two sons of Stephen Matts, a blacksmith at the Aetna iron works, aged nine and twelve years, were playing in the yards of the Great Northern car shops Saturday and it is thought crawled under flat cars to keep out of the rain. While in this position they evidently heard other cars backing down upon them and tried to escape and were caught.

One had his head severed and the other had a leg cut entirely off. They were not discovered until the men quit at 6 o'clock. Both were dead when found.

All Trains Running by the way of Brainerd Today on Account of Mixup  
East of Staples.

If anyone is at a loss to know the reason why the N. P. yard in this city was so full this morning it might be stated for their benefit that the jam was on account of the fact that all trains which have hitherto run over the cutoff came this way today on account of a small wreck about six miles east of Staples.

It seems that a freight train in charge of Conductor Darymple and Engineer Holmes was being pulled into Staples in two sections. After the train had been uncoupled somehow or another the two sections were smashed into each other and several cars were derailed. No one was hurt but the wreck caused considerable delay.

MAHARA'S MINSTRELS.

Headed by that funny comedian, Geo. Fitchner, Mahara's minstrels will hold forth at the Brainerd theatre next Saturday evening, Oct. 10. A roster of clever colored stars introduce in the minstrel performance bright specialties and innovations galore, in fact everything combined so as to make a performance of minstrelsy, opera and vaudeville. Traveling in their own private car and carrying an equipment of scenery and effects, bright costumes, a challenge band and orchestra, Mahara Brothers seem to be able to substantiate their claim that they have a colored minstrel company that is second to none in this country.

Mahara's challenge band will give a street parade and concert in front of Dunn's drug store the day of the performance.

"YON YONSON."

Some people are under the impression that it is necessary to understand the Swedish language in order to enjoy the performance of "Yon Yonson." Such is not the case. The comedy was written for the American public, and as it has lived successfully during the past eleven years it certainly must have pleased. It will be seen at the Brainerd theatre this month.

Funeral Services Over the Remains of the  
Late Mrs. Vet Borders and Her  
Two Children Yesterday.

It was a sad sight that greeted the eyes of the mere handful of people who were at Evergreen cemetery yesterday afternoon when the remains of Mrs. Vet Borders and her two daughters, who lost their lives by drowning in Long lake Friday, were consigned to earth, the three almost side by side. Instead of the grave of the ordinary size, one just twice the size was dug and the caskets which contained the bodies of Mrs. Borders and the oldest daughter, Mrs. Hurd, were laid side by side and another small grave for the baby was dug just a little distance away.

There were no services at the grave but there were at the farm home, Rev. S. W. Hover, of this city, officiating. Quite a large number of people from the city went out to attend, many to lend a helping hand to the bereaved family.

On Saturday afternoon Deputy Coroner Dean returned from the scene of the accident. The cause of death was so apparent that it was not thought necessary to hold an inquest.

The body of the other baby has not been found although the men have been searching almost constantly since the accident happened.

In honor of Miss Calla Blanchard, Mrs. George C. Howe entertained at one of the most beautiful affairs of the week, the function being a luncheon Wednesday. The round table, set with eighteen covers, was exquisitely decorated. The centerpiece, a light in the shape of a golden gate rose, over a mirror, was surrounded by a wreath of bouquets of roses tied with ribbon of the exact shade, which trailed gracefully to the places ending with the guest's name. At the end of the luncheon the ribbons were pulled and the bouquet of roses was the souvenir of the affair. The guests were: Mesdames E. C. Blanchard, A. D. The storm started at the house of J. F. Carter, two miles southeast of Princeton. At that place it destroyed a new residence erected by Mr. Carter this year. MINNESOTA TORNADO  
SEVEN PERSONS KILLED AND FIF-  
TY OTHERS SERIOUSLY HURT  
AT ST. CHARLES.

WISCONSIN TOWNS STRUCK

FIVE PEOPLE MEET DEATH NEAR  
SHERIDAN IN A VERY DE-  
STRUCTIVE STORM.

St. Charles, Minn., Oct. 5.—Seven  
persons were killed, fifty seriously  
hurt and about a hundred houses de-  
stroyed at this place by a tornado  
which struck here at 2:30 Saturday  
afternoon. The business section of  
the town and one-third of the resi-  
dence district was razed to the ground  
and damage done to the extent of  
\$300,000.

St. Charles is a town of about 1,500  
inhabitants, situated twenty-six miles  
west of Winona, the county seat.

A special train bearing doctors,  
nurses and supplies for the immediate  
wants of the sufferers left Winona as  
soon as the news of the extent of the  
tornado was received there.

St. Charles was crowded with farm-  
ers in the afternoon, who had come  
into the village to do their weekly  
trading.

The day was extremely sultry and  
the main street of the village was  
crowded. During the morning slight  
showers had fallen, and it was evident  
to all that some sort of an atmospheric  
disturbance was due.

Clouds Began to Gather.

The probability of an approaching  
storm was the general topic until  
shortly after 2 o'clock, when a dark  
mass of clouds was noticed in the  
southwest. Shortly afterward similar  
conditions were seen to prevail in the  
northwest, and the inhabitants spent  
ten or fifteen minutes watching their  
approach.

Before the seriousness of the situa-  
tion was realized, the clouds were al-  
most over the city. Then began a  
mad scramble in search of places of  
safety. The crowd on the main street  
surged hither and thither as each in-  
dividual started for some select spot.

Those who could find cellars took  
refuge in them, but many, believing  
that the storm would not be at all  
serious, merely entered the larger  
buildings.

The two clouds met with a deafen-  
ing detonation directly over the vil-  
lage and before the report of the col-  
lision had died away the air was  
filled with missiles flying in every di-  
rection. Substantial frame houses col-  
lapsed into kindling wood in an in-  
stant and stone and brick structures  
were torn from their foundations.

Maddened Horses Increased Chaos.

Tin roofs were ripped off and rolled  
through the streets like newspapers,  
while sections of sidewalk were dashed  
against the buildings that remained  
standing.

The street was filled with the teams  
of farmers hitched in front of the dif-  
ferent stores, and the maddened  
horses added to the chaos which was  
precipitated. Farmers trying to save  
their stock were run down and  
trampled over, as the maddened beasts  
broke loose from their hitching places.  
The tornado lasted but a few min-  
utes, but during that time seven  
lives were crushed out, and there is  
no accurate list of the injured at hand.

The dead are as follows: John  
Ehben, William Ehben, Edward Mur-  
phy, William Vest, Dixon, Ill.; George  
Jessen, W. O. Crittenden, Dover; Ja-  
cob Holm.

The work of repairing the damage  
done by the cyclone was actively com-  
menced Sunday and considerable pro-  
gress was made along this line.

Actual Suffering Relieved.

By prompt measures all actual suf-  
fering has been relieved. There is  
very general determination on the part  
of St. Charles residents to rebuild and  
re-establish the city on even a finer  
foundation than it had before the cy-  
clone.

A revision of the fatality list shows  
the number of dead remaining at  
seven. The Pike boy reported killed  
was only injured and will recover,  
while Jacob Holm, a farmer, reported  
injured, has since died.

The village of Fountain City caught  
the storm. The Reformed church was  
completely demolished, and buildings  
on the place of John Sleuth were all  
blown down. Joseph Patzner's out-  
buildings were destroyed, and Chris  
Ratz suffered the loss of his granary.  
Many grain stacks were damaged.  
The storm did some damage south of  
St. Charles and in the vicinity of Roll-  
ing Stone.

FIVE PERSONS KILLED.

Tornado Does Great Damage in Wis-  
consin Towns.

Wadepa, Wis., Oct. 5.—The tornado  
which struck Blain and Almond  
Saturday night killed five persons  
near Sheridan, and blew down twenty  
buildings, as near as can be ascer-  
tained here. Other persons may have  
met death.

The known dead are: M. R. My-  
holtz, Mark Wood, Mrs. Fisher, Mrs.  
Clipperty and an unknown girl.  
The way in which these persons  
met death is not known, except in the  
case of Mrs. Clipperty, who was in her  
home, which was blown from its  
foundation, killing her in its ruins.

A barn on the Apperly farm, filled  
with grain, was blown to atoms, and  
not a piece of it has been found.  
In a field, in the course of the storm,  
\$1,100 in money was picked up, ap-  
parently having been blown there by  
the storm.

Two men, names unknown, were  
drowned in Green Lake by being cap-  
sized, while out fishing during Satur-  
day's storm. Two houses, several  
barns and several windmills were  
blown down five miles west of Ripon.

TO SUSPEND ALLOTMENTS.

Jawes Commission Ordered to Await  
Action of Interior Department.

Washington, Oct. 5.—Acting Sec-  
retary Ryan of the interior department  
has sent telegraphic orders to the  
Dawes Indian commission to suspend  
the allotment of lands in the Chero-  
kee nation, pending the approval by  
the department of the segregation of  
the 157,000 acres of land in the Chero-  
kee Nation, claimed by the Delaware  
Indians, provision for which was  
made in the Curtis act of 1898. This  
order is the outcome of litigation in-  
stituted in the courts of the District  
of Columbia by the Delaware Indians  
in which Justice Anderson accented  
an answer made by Secretary Hitch-  
cock that the segregation of the lands  
to the Delawares had not been ap-  
proved by him. Acting Secretary  
Ryan has directed the commission to  
forward promptly the correctness in  
the segregation of the 157,000 acres  
made necessary by the fact that some  
of the lands heretofore set aside are  
occupied by Cherokees and as soon as  
these are at hand the segregation will  
be approved. Judge Ryan expects that  
this will be done expeditiously so that  
the allotments can go forward.

LIPTON IN NEW YORK.

Irish Baronet to Sail for Home Next  
Friday.

New York, Oct. 5.—Sir Thomas Lip-  
ton arrived here from Chicago Sun-  
day. He will remain here until Fri-  
day, when he sails for home. While  
he has no present intention of building  
another challenger, he said that Sham-  
rock III. would remain here to serve  
perhaps as a trial horse should the  
fortunate day ever come when he  
should feel justified in bringing over  
another challenger. There would be  
no use, he said, in doing so unless he  
could find another Herreshoff on the  
other side.

Welcome Day of Rest.

Camp Young, West Point, Ky., Oct.  
5.—Ten thousand weary soldiers, at  
Camp Young for the maneuvers, found  
Sunday a welcome day of rest after a  
week of hard "hiking" over the Ken-  
tucky hills. There was no work of  
any kind. Divine services for each  
brigade in camp were held during the  
morning.

Mrs. Molineux Declines to Talk.

New York, Oct. 5.—Mrs. Blanche  
Molineux and her counsel, Alexander  
C. Young, declined to comment on the  
report that Mrs. Molineux had failed  
to secure a divorce in South Dakota  
and that her husband would contest  
a suit she would bring in Chicago.

Former Postmaster General Suffers  
No Pain.

Buffalo, N. Y., Oct. 5.—The Hon.  
Wilson S. Bissell, postmaster general in  
the Cleveland administration, is  
seriously ill. Mr. Bissell recently re-  
turned from a long vacation in the  
East and resumed his law practice.

Ten days ago he was forced to give  
up his work but his condition was not  
regarded as serious until Sunday. His  
physician declined to confirm or deny  
a rumor that Mr. Bissell is suffering  
from an internal cancer.

"Mr. Bissell's condition is serious,"  
he said, "that is all we care to say in  
regard to his illness at present."  
Mr. Bissell sleeps most of the time  
and suffers no pain.

Palme of Harvard was well received,  
the composition being rendered by a  
leading Berlin orchestra under direc-  
tion of Kasselmeier. Prof. Palme  
was called before the audience

**We Paid \$100,000**

For Liquezone—Yet We Give You a 50c. Bottle Free.

This company, after testing Liquezone for  
two years in the most difficult germ  
diseases, paid \$100,000 for the United  
States' rights. That is by far the highest  
price ever paid for similar rights on any  
scientific discovery.

We publish this fact to show you the  
value of Liquezone. The most worthless  
product may have great claims made  
about it; but men don't pay a price like  
that save for a discovery of remarkable  
worth to humanity.

**Kills Inside Germs.**

Liquezone alone kills germs in the body  
without killing the tissues, too. It is so  
certain that we publish on every bottle  
an offer of \$1,000 for a disease germ that it  
cannot kill. Liquezone destroys at once  
and forever the cause of any germ disease.  
And there is no other way to do it.  
Any drug that kills germs is a poison to  
you, and it cannot be taken internally.  
Liquezone alone can attack a trouble  
that is caused by inside germs, and it  
cures diseases which medicine never  
cured.

**Liquid Oxygen.**

Liquezone is simply liquid oxygen—no  
drugs, no alcohol in it. It is the discovery  
of Pauli, the great German chemist, who  
spent 20 years on it. His object was to  
get such an excess of oxygen in staple

## MINNESOTA TORNADO

SEVEN PERSONS KILLED AND FIF-  
TY OTHERS SERIOUSLY HURT  
AT ST. CHARLES.

WISCONSIN TOWNS STRUCK

FIVE PEOPLE MEET DEATH NEAR  
SHERIDAN IN A VERY DE-  
STRUCTIVE STORM.

St. Charles, Minn., Oct. 5.—Seven  
persons were killed, fifty seriously  
hurt and about a hundred houses de-  
stroyed at this place by a tornado  
which struck here at 2:30 Saturday  
afternoon. The business section of  
the town and one-third of the resi-  
dence district was razed to the ground  
and damage done to the extent of  
\$300,000.

St. Charles is a town of about 1,500  
inhabitants, situated twenty-six miles  
west of Winona, the county seat.

A special train bearing doctors,  
nurses and supplies for the immediate  
wants of the sufferers left Winona as  
soon as the news of the extent of the  
tornado was received there.

St. Charles was crowded with farm-  
ers in the afternoon, who had come  
into the village to do their weekly  
trading.

The day was extremely sultry and  
the main street of the village was  
crowded. During the morning slight  
showers had fallen, and it was evident  
to all that some sort of an atmospheric  
disturbance was due.

Clouds Began to Gather.

The probability of an approaching  
storm was the general topic until  
shortly after 2 o'clock, when a dark  
mass of clouds was noticed in the  
southwest. Shortly afterward similar  
conditions were seen to prevail in the  
northwest, and the inhabitants spent  
ten or fifteen minutes watching their  
approach.

Before the seriousness of the situa-  
tion was realized, the clouds were al-  
most over the city. Then began a  
mad scramble in search of places of  
safety. The crowd on the main street  
surged hither and thither as each in-  
dividual started for some select spot.  
Those who could find cellars took  
refuge in them, but many, believing  
that the storm would not be at all  
serious, merely entered the larger  
buildings.

The two clouds met with a deafen-  
ing detonation directly over the vil-  
lage, and before the report of the col-  
lision had died away the air was  
filled with missiles flying in every di-  
rection. Substantial frame houses col-  
lapsed into kindling wood in an in-  
stant and stone and brick structures  
were torn from their foundations.

Maddened Horses Increased Chaos.  
Tin roofs were ripped off and rolled  
through the streets like newspapers,  
while sections of sidewalk were dashed  
against the buildings that remained  
standing.

The street was filled with the teams  
of farmers hitched in front of the dif-  
ferent stores, and the maddened  
horses added to the chaos which was  
precipitated. Farmers trying to save  
their stock were run down and  
trampled over, as the maddened beasts  
broke loose from their hitching places.  
The tornado lasted but a few mo-  
ments, but during that time seven  
lives were crushed out, and there is  
no accurate list of the injured at hand.  
The dead are as follows: John  
Ehben, William Ehben, Edward Mur-  
phy, William Vest, Dixon, Ill.; George  
Jessen, W. O. Crittenden, Dover; Ja-  
cob Holm.

The work of repairing the damage  
done by the cyclone was actively com-  
menced Sunday and considerable pro-  
gress was made along this line.

Actual Suffering Relieved.

By prompt measures all actual suf-  
fering has been relieved. There is  
very general determination on the part  
of St. Charles residents to rebuild and  
re-establish the city on even a finer  
foundation than it had before the cy-  
clone.

A revision of the fatality list shows  
the number of dead remaining at  
seven. The Pike boy reported killed  
was only injured and will recover,  
while Jacob Holm, a farmer, reported  
injured, has since died.

The village of Fountain City caught  
the storm. The Reformed church was  
completely demolished, and buildings  
on the place of John Sleuth were all  
blown down. Joseph Patzner's out-  
buildings were destroyed and Chris  
Ratz suffered the loss of his granary.  
Many grain stacks were damaged.  
The storm did some damage south of  
St. Charles and in the vicinity of Roll-  
ing Stone.

FIVE PERSONS KILLED.

Tornado Does Great Damage in Wis-  
consin Towns.

Waipaca, Wis., Oct. 5.—The torna-  
do which struck Blain and Almond  
Saturday night killed five persons  
near Sheridan, and blew down twenty  
buildings, as near as can be ascer-  
tained here. Other persons may have  
met death.

The known dead are: M. R. My-  
holtz, Mark Wood, Mrs. Fisher, Mrs.  
Clipperty and an unknown girl.

The way in which these persons  
met death is not known, except in the  
case of Mrs. Clipperty, who was in her  
home, which was blown from its  
foundation, killing her in its ruins.

A barn on the Apperly farm, filled  
with grain, was blown to atoms, and  
not a piece of it has been found.

In a field, in the course of the storm,  
\$1,100 in money was picked up, ap-  
parently having been blown there by  
the storm.

Two men, names unknown, were  
drowned in Green Lake by being cap-  
sized, while out fishing during Satur-  
day's storm. Two houses, several  
barns and several windmills were  
blown down five miles west of Ripon.

## TO SUSPEND ALLOTMENTS.

Dawes Commission Ordered to Await  
Action of Interior Department.

Washington, Oct. 5.—Acting Sec-  
retary Ryan of the interior department  
has sent telegraphic orders to the  
Dawes Indian commission to suspend  
the allotment of lands in the Chero-  
kee nation, pending the approval by  
the department of the segregation of  
the 157,000 acres of land in the Chero-  
kee Nation, claimed by the Delaware  
Indians, provision for which was  
made in the Curtis act of 1898. This  
order is the outcome of litigation in-  
stituted in the courts of the District  
of Columbia by the Delaware Indians  
in which Justice Anderson accepted  
an answer made by Secretary Hitch-  
cock that the segregation of the  
lands to the Delaware had not been  
approved by him. Acting Secretary  
Ryan has directed the commission to  
forward promptly the correctness in  
the segregation of the 157,000 acres  
made necessary by the fact that some  
of the lands heretofore set aside are  
occupied by Cherokees and as soon as  
these are at hand the segregation will  
be approved. Judge Ryan expects that  
this will be done expeditiously so that  
the allotments can go forward.

LIPTON IN NEW YORK.

Irish Baronet to Sail for Home Next  
Friday.

New York, Oct. 5.—Sir Thomas Lip-  
ton arrived here from Chicago Sun-  
day. He will remain here until Fri-  
day, when he sails for home. While  
he has no present intention of building  
another challenger, he said that Sham-  
rock III. would remain here to serve  
perhaps as a trial horse should the  
fortunate day ever come when he  
should feel justified in bringing over  
another challenger. There would be  
no use, he said, in doing so unless he  
could find another Herreshoff on the  
other side.

Welcome Day at Rest.

Camp Young, West Point, Ky., Oct.  
5.—Ten thousand weary soldiers, at  
Camp Young for the maneuvers, found  
Sunday a welcome day of rest after a  
week of hard "biking" over the Ken-  
tucky hills. There was no work of  
any kind. Divine services for each  
brigade in camp were held during the  
morning.

Mrs. Molinex Declines to Talk.

New York, Oct. 5.—Mrs. Blanche

C. Young, declined to comment on the  
report that Mrs. Molinex had failed to  
secure a divorce in South Dakota  
and that her husband would contest  
a suit she would bring in Chicago.

Former Postmaster General Suffers  
No Pain.

Buffalo, N. Y., Oct. 5.—The Hon.  
Wilson S. Bissell, postmaster general  
in the Cleveland administration, is  
seriously ill. Mr. Bissell recently re-  
turned from a long vacation in the  
East and resumed his law practice.

Ten days ago he was forced to give  
up his work but his condition was not  
regarded as serious until Sunday. His  
physician declined to confirm or deny  
a rumor that Mr. Bissell is suffering  
from an internal cancer.

"Mr. Bissell's condition is serious,"  
he said, "that is all we care to say in  
relation to his illness at present."  
Mr. Bissell sleeps most of the time  
and suffers no pain.

Paine of Harvard was well received,

# We Paid \$100,000

## For Liquezone—Yet We Give You a 50c. Bottle Free.

This company, after testing Liquezone  
for two years in the most difficult germ  
diseases, paid \$100,000 for the United  
States' rights. That is by far the highest  
price ever paid for similar rights on any  
scientific discovery.

We publish this fact to show you the  
value of Liquezone. The most worthless  
product may have great claims made  
about it; but men don't pay a price like  
that save for a discovery of remarkable  
worth to humanity.

### Kills Inside Germs.

Liquezone alone kills germs in the body  
without killing the tissues, too. It is so  
certain that we publish on every bottle  
an offer of \$1,000 for a disease germ that  
it cannot kill. Liquezone destroys at once  
and forever the cause of any germ disease.

And there is no other way to do it.  
Any drug that kills germs is a poison to  
you, and it cannot be taken internally.  
Liquezone alone can attack a trouble  
that is caused by inside germs; and it  
cures diseases which medicine never  
cured.

### Liquid Oxygen.

Liquezone is simply liquid oxygen—no  
drugs, no alcohol in it. It is the discovery  
of Pauli, the great German chemist, who  
spent 20 years on it. His object was to  
get such an excess of oxygen in staple
